Carnegie Library of Pittsburgh Annotation:

Look! Listen! There's a show going on in your backyard! *Birds in My Backyard* is a whimsical introduction to the chattering, swooping, squawking creatures that children see every day. Each page presents a new bird in colorful collage with a playful rhyme: Robins go fishing for worms. Blue jays boss other birds. Hawks play with breezes. *Birds in My Backyard* starts at dawn and ends at dusk, so that little ones might "soar with the birds" in their dreams. 2019.
